Subject: Support for Metric-only labeling
To: linda.crown@NIST.GOV
X-Mailer: AOL 5.0 for Windows sub 139

Dear Ms. Crown,

I am writing to offer my support for metric only labeling. I believe this is a step forward in moving to a metric based system, and believe it will make commerce easier, more efficient and more standardized worldwide. Anything you can do to further the conversion to metric in this country I support. As you know clinging to the English system of weights and measures costs us in international trade, manufacturing, and individually in the never ending confusion of dual labeling requirements, dual sets of tools for machinists, etc., etc. I applaud your efforts for metric-only labeling and hope you the best of success in your efforts. If I can help you in any way with this program, please let me know.

Sincerely,

William. L. Wagner
